GENERAL ALPHABETICAL INDEX

Volume 162 June — December 1964

A

ACCOUNTING
Anti-trust accounting discussed at Midwest Assn of Railroad & Utilities Commissioners meeting (N) Aug. 10 57
Kansas City P&L bill carries per-day cost of electricity (N) July 27 ..... *61
Microfilm and video speed customer information at Consolidated Edison. A.N. Brown July 27 ..... *64
Normalization or flow-through? A continuing controversy (table) Oct. 19 149
Yes-men accountants can hurt utilities July 6 ..... *31

ADVERTISING
see Public Relations 8

AIR CONDITIONING
Air conditioner shipments head for new high (N) Oct. 5 23
Computer plant installs heat-of-light system Sept. 21 ..... *177
Four jet engines help Louisville meet air conditioning load (N) Sept. 21 140
LBE ad to promote total comfort conditioning (N) Dec. 28 90
Room air conditioners top appliance sales (N) Nov. 16 ..... *45

AIR POLLUTION
"Clean Air Act" will affect utilities Oct. 5 ..... *45
Consolidated Edison orders precipitator for Ravenswood Nov. 9 ..... *28
Senate pushes implementation of Clean Air Act (N) Dec. 14 25

APPLIANCES
Dutch market household packaging appliance (N) Sept. 21 25
NEMA's Smith says new approach needed for selling high-end units (N) July 13 120
Room air conditioners top appliance sales (N) Nov. 16 ..... *45
Shipments show first-quarter gains (N) July 13 120
Six major electrical appliances show gains in first ten months (N) Dec. 14 72

AREA DEVELOPMENT
Appalachian bill restricts power facilities (N) Aug. 24 15
Blue Ridge project to boost area economy (N) Nov. 9 ..... *17
Bushy Park Authority of Charleston, S.C. cedes development chore to utility (N) Nov. 16 90
Central Illinois PS 'matching fund' put to work to spur area development (N) Nov. 30 54
Duke Power plans for 10,000-Mw complex for North Carolina (N) Oct. 12 ..... *22
New England will spend $3 billion (N, charts) Nov. 30 49
Power sufficient in Appalachia (Ed) Aug. 24 7
Urban renewal: builder or wrecker? (charts) Nov. 16 161

ASIA
Free China plans $625-million power expansion beginning '65 (N) Sept. 28 11
Japan expands nuclear power planning (N) Oct. 19 24
Westinghouse to supply Pakistan nuclear power plant (N) Nov. 2 26

ASSOCIATIONS
ASTM meeting topic: reactor steel (N) Aug. 10 166
Aerial baskets discussed at SEE safety meeting (N) Oct. 19 161
CEMA sees bright future for the industry Oct. 19 ..... *164
CIGRE studies growing pains of world's large power systems July 13 ..... *62
CIGRE – We must tackle these problems together (Ed) July 6 5
Canadian Nuclear Association stresses heavy-water reactor July 6 23
EEI Accident Prevention Committee declares safety management's job Nov. 16 91
EEI asks, restrict inequitable competition (N) Aug. 31 11
EEI electric power survey (N, chart) Sept. 21 106
EEI's Industrial Relations Round Table Conference – 'people' theme of labor talks (N) Oct. 19 100
EEI 36th Semi-annual Electric Power Survey-winter peaks to be 2.3% less than summer (chart) Nov. 16 90
EEI T&D Committee meeting features line color and shape Nov. 30 ..... *64
EEI to assist AID in recruiting personnel (N) July 6 20
EEI wades into dc problems Nov. 30 113
EEI workshop scheduled for industrial salesmen (N) Dec. 28 90
IEEE Power Group to meet Jan. 31-Feb. 5 at New York (N) Sept. 7 99

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet.

International Symposium on Magnetohydrodynamics emphasizes open cycle Sept. 14 ... 19
Midwest Assn of Railroad & Utilities Commissioners meeting (N) Aug. 10 ... 57
NARUC convention hears society breeds regulatory problems Dec. 21 ... *19
NELPA – EHV growth in US topic at Banff, Canada, meeting July 27 ... *62
NELPA 57th annual meeting told utilities should improve image (N) Nov. 2 ... 100
NEMA meeting – manufacturers see record business continuing into next year Nov. 16 ... *88
NEMA Renewal Parts Section to have two-day session (N) Sept. 7 ... 68
NEMA schedules first in proposed seminars on profitability (N) Aug. 3 ... 14
NEMA's Smith says new approach needed for selling high-end units (N) July 13 ... 120
NRECA termed 'political' at Bar Assn. meeting (N) Aug. 17 ... 11
National Coal Association – nuclear estimates set ceiling for coal July 20 ... *22
National Youth Conference on the Atom-industry makes an investment in youth Nov. 23 ... *17
PEA 57th Annual Meeting (N) Oct. 19 ... *101
SEE Engineering & Operating Conference hears Bouldin score privilege Nov. 16 ... *92
SEE Sales Conference – isolated generation troubles sales executives Nov. 30 ... *102
UNIPEDE-European 'EEI' meets at Stockholm. J.H.M. Sykes Aug. 10 ... 56
Western Red Cedar Assn. adopts insignia (N) Sept. 7 ... 68
World Power Conference – power developments discussed at Lausanne. J.H.M. Sykes Nov. 2 ... *52

ATOMIC ENERGY

see Nuclear Power ... 7

ATOMIC ENERGY COMMISSION

ACRS okays Niagara Mohawk's nuclear plant (N) Nov. 9 ... *12
Backs two converter nuclear plants (N) Oct. 5 ... 46
Bodega Bay – Post mortem on Bodega Bay (Ed) Nov. 9 ... *5
Bodega nuclear plant disagreement (N) Nov. 2 ... 23
Fuel failure shuts down Puerto Rico reactor (N) Nov. 23 ... 12
Hearings nuclear subsidy planned (N) Sept. 7 ... 24
Interior-AEC desalting plan faces fire Dec. 7 ... *17
Jersey Central P&L's Oyster Creek – JEC nod expected Nov. 2 ... *47

AWARDS

Niagara Mohawk Power and Philadelphia Electric win first honors for efficiency rating (N) Dec. 28 ... 23

B

BATTERIES

Static inverter provides ac for critical load. E.J. Fitzmaurice Dec. 14 ... *67

BOILERS

Consolidated Edison orders precipitator for Ravenswood Nov. 9 ... *28
Filter keeps boiler drum clean during inspection Sept. 21 ... *120
Inerting prevents furnace explosions at Orlando Utilities Commission's Indian River Plant. H.C. Luff Aug. 3 ... *23
PS Co of Oklahoma orders big radiant boilers (N) Oct. 5 ... 72
SCE orders two additional 3,500 – psi boilers (N) Sept. 7 ... 70

BONNEVILLE POWER ADMINISTRATION

Awards $2.7 million tower order to Bethlehem (N) Nov. 9 ... *14
Grand Coulee to be made world's largest (N) Aug. 17 ... 11
Pacific Coast 500-kv ac interties-plans jell (map & table) Aug. 31 ... *26
Three combination proposals made for dc terminals (N) Nov. 16 ... *46
Washington PUD asks for rate forecast (N) Dec. 28 ... 25
West Coast intertie plan – Congress balky (N, map) July 13 ... *59
West Coast intertie plan faces crucial test (N) July 6 ... 21
West Coast intertie – White House now backs proposal (N) Aug. 3 ... 11

BRITISH ISLES

British demonstrate five-kw fuel cell (N) Dec. 21 ... 13
British power report poses dilemma. J.H.M. Sykes (table) Nov. 23 ... 23
British union bans Communist officials (N) Sept. 21 ... 24
British union to vote on Communist members (N) July 20 ... 13
Gas will gain, British power men told (N, table) July 27 ... 60
What's the thinking behind Britain's nuclear power program? Aug. 24 ... *42

BUREAU OF RECLAMATION

see Reclamation Bureau ... 8

BUSES

Aluminum bus system moved in three sections (N) Aug. 24 ... 74
Single-bus design proves best for substations for Philadelphia Electric. Einwechter & Pennypacker Nov. 2 ... *60

BUSHINGS

GE test exceeds industry standards (N) July 6 ... *38
Split-cone guards protect bushing caps. G.R. Deinema Aug. 10 ... *104

C

CABLES

Cable support proved on 600-ft test line (N) July 20 ... *36
Cable test set for Con Edision (N) July 20 ... *36
Concrete poles aid spacer cable gain. R.M. Clarke Sept. 21 ... *113
Cornell EHV test achievements listed. L.I. Komives Nov. 2 ... *67
Electrostatic-stress tests aid cable splicers. Dick Benesch Aug. 10 ... *94
Epoxy tape used in cable terminals. Betz & Lusby Sept. 28 ... *23
Keystone Project chooses ACAR for 500 kv line (N) Oct. 5 ... 24
LILCO two 4,300-ft submarine cables sunk 5 ft deep in channel bottom. Bender & McBride (map) Sept. 14 ... *20
Ready-made stress cone signals faults. Lockie & Suelmann Sept. 21 ... *118
Safety cable protects tower climber Oct. 5 ... *83
Submarine cable links Puerto Rican islands. Negroni & Roberts (map) Oct. 26 ... *26
URD achieves cost break-through for Southern California Edison. Lauder & Blankenburg Nov. 9 ... *23

CANADA

British Columbia Hydro's rail-car generators supplement power Aug. 10 ... 84
CEMA sees bright future for the industry Oct. 19 ... *164
Canadian-US line report due soon Dec. 21 ... 23
Discloses nuclear power planning (N) Nov. 9 ... 18
Electricity comes to village of Old Crow (N) Sept. 21 ... 107
Fairport nuclear station – 1,000-Mw A-plant has potential (N) Sept. 14 ... *18
Guyed Y towers for 500-kv line. Cedric Marsh (table) Aug. 24 ... *52
Hamilton Falls power – which way out? (map) July 27 ... *59
Hamilton Falls project still cloudy (N) July 20 ... 11
Heavy-water reactor stressed at Canadian Nuclear Association July 6 ... 23
North American power grid urged (N) Oct. 12 ... 12
1,000-Mw nuclear station planned (N) Aug. 17-12, (map) Aug. 24 ... 39
Peace River Project – bid awards exceed $100-million for generation, transmission Dec. 7 ... *20
Senior citizens project (N) Dec. 14 ... 162

CAPACITORS

GE lowers prices on 100-kvar capacitors (N) Aug. 24 ... 16
Remote-control capacitor switching advanced (N) Aug. 31 ... *36
Switch substation capacitor banks. G.S. Cannon July 20 ... *29
Westinghouse reduces prices on 100 kvar capacitors (N) Nov. 23 ... 14

CAPACITY ADDITIONS

Duquesne Light boosts generator output 81.5-Mw for $17 per kw. H.B. Wood (table) July 27 ... *70
EEI capacity additions reported (N) Sept. 21 ... 106
New England will spend $3 billion (N, charts) Nov. 30 ... 49
Pacific G&E's Units 6 and 7 of Moss Landing Station to make station largest west of Mississippi. Kelly & Laverty Nov. 2 ... *54
Utilities form two coordinating groups – MAIN and CAPCO (map) Dec. 7 ... 19

CARRIER CURRENT

see Communications, Controls ... 3

CIRCUIT BREAKERS

Cut testing time of multi-contact breakers. J.E. Blaska Oct. 5 ... *108
GE increases price of outdoor power circuit breakers (N) Nov. 23 ... 14
'Indirect' tests verify ratings of 500-kv CB's. R.G. Colclaser Jr. (charts) Oct. 19 ... 108
Programmed device cuts test time for oil circuit breakers (N) Oct. 12 ... *38
VEPCO project to use 500-kv SF6 power circuit breakers (N) July 6 ... 38

COMMERCIAL APPLICATIONS

All-electric school in Appleton, Wisc. (N) Aug. 10 ... 163
Clarkson College of Technology campus in upstate N.Y. to be all-electric (N) Nov. 30 ... *50
Key home services united into one compact package by Westinghouse Sept. 7 ... *91
"RRolway" electric train would speed auto travel (N) Nov. 2 ... *49
Senior citizens projects planned in Canada, Missouri (N) Dec. 14 ... 162

COMMUNICATIONS

Central Illinois Public Service Co's new needs spur microwave system expansion. H.C. Wilson (table & map) Sept. 7 ... *58
Con Edison's sophisticated communications, plus 'Truckveyor' optimize stores operations Nov. 2 ... *68
Florida P&L emergency supervisory channel saves. Pope & Lewis Sept. 28 ... *19
New transistorized FM two-way radio developed (N) July 27 ... *80
Sand blasters can communicate Oct. 5 ... *105
Tele-processing to save $1-million. J.L. J.L. Braswell & others July 13 ... *70
Tubeless microwave to link AEP system (N) Sept. 21 ... *140
Work record facsimile transmitted for safety at Con Edison. R.M. Carpenter Aug. 10 ... *102

COMPUTERS

AEC computer center expected to cut costs (N) Dec. 21 ... *36

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet.

Computer keeps tabs on new EDF plant near Paris. Liebray & Copin (tables) Aug. 24 *46
Computer's main memory uses thin-film elements (N) July 27 78
Computer producing electrical designs (N) Nov. 16 149
Con Edison uses computer to speed purchases (N) July 6 14
Core storage element doubles memory capacity (N) Oct. 19 138
4-track recorder monitors substation loads. Charles Morrison Oct. 19 *111
GE develops three large-scale computers (N) Aug. 17 *38
Georgia Power reorganization, use of computer cuts labor and inventory in stores department. K.A. Slaton (charts) Dec. 14 58
Honeywell, Inc, announces new computer, opens education center (N) July 13 *98
Iowa P&L launches program to study and apply modern management, control, and computer techniques to all phases of its business (N) Oct. 19 99
Local sales information now secured quickly at West Penn Power Co Oct. 19 156
Microfilm and video speed customer information at Consolidated Edison. A.N. Brown July 27 *64
Modular design permits expansion of computers (N) Sept. 21 144
On-line control computers are increasing. H.L. Smith Sept. 7 *56
Optimize Hawaiian underground distribution. J.F. Richardson Jr. & others (chart & tables) Aug. 10 *64
Power Operations Center for Colorado River power plants will use digital computer. Kemp & Cummings (map) July 6 *24
Probability math shows benefits of pooling. J.H. Cronin (charts) July 13 66
RCA slashes sales and rental prices for 3301 computer (N) July 27 26
Rapid transit system simulated by computer (N) July 27 80
Solid-state system gathers kwhr data (N) Sept. 14 *36
Southern California Edison's random-sample audit verifies stores Sept. 21 *109
Tampa Electric's computer study guides grid growth. R.H. Arnold Aug. 24 *45
Tele-processing to save $1-million. J.L. Braswell & others July 13 *70
Three computers give automated control (N) Oct. 5 *65
Uninterrupted power for computer system. Stensland & Bacquet Aug. 10 *68
West Penn Power computer program eliminates rough guesses. Hartwig & Lippo (charts) Nov. 16 169

CONDENSERS

Stainless steel tubes hold sea water coolant (N) Nov. 9 *36

CONDUCTORS

ACAR 'shoot out' at Louisiana P&L (table) Oct. 5 *86
Economics justifies heavier distribution feeders at PS Co of Colorado. W.J. Stephens (chart & table) Oct. 12 24
Kaiser spending $6-million to boost aluminum conductor output (N) July 6 38
Keystone Project – conductors tested (N) July 27 *78
Louisiana P&L sand blasts corroded conductors for good connections Aug. 10 *100
Tests prove 500-kv armor rods corona free. R.L. Reese (chart) Dec. 14 *68
VEPCO cleans pole top to improve operations. O.M. Tuck Dec. 7 *22

CONNECTORS

Alabama Power simplifies change from bolted to compression connections. J.A. Taylor Aug. 10 *74

CONSTRUCTION

Adjustable base assembly for tapered masts. Cedric Marsh July 13 *73
Alabama Power simplifies change from bolted to compression connections. J.A. Taylor Aug. 10 *74
Archer shoots cable lead through trees Dec. 14 *100
Auger-crane rig proves versatility July 13 *74
CEI 33-kv reliability improved by arresters. R.H. Oerthel (tables) Aug. 24 *50
Central steel assembly cuts substation costs. R.E. Phillips Dec. 14 *85
Commonwealth Edison converts old dc site to 160-Mva network sub. Foss & Webb Sept. 7 *54
Con Edison's 345-kv substations rising on 7 sites. Griffin Jr. & Higbie (tables) Sept. 7 *50
Con Edison work record facsimile transmitted for safety. R.M. Carpenter Aug. 10 *102
'Driver' inserts soil-resistivity needles. R.J. Gallina Aug. 10 *82
Electric pump for most manhole jobs. N.B. Nelson Oct. 5 *93
Electric Utility Methods – reports M.G. McGraw Aug. 10 *69-134, Oct. 5 *81-130, Dec. 14 *83-146
Epoxy tape used in cable terminals. Betz & Lusby Sept. 28 *23
15th annual electrical industry forecast 1965-1980. A.J. Stegeman (charts & tables) Sept. 21 *121
15-kv, secondaries plowed in simultaneously J.L. Finger Dec. 14 *87
Florida Power's Crystal River plant – solving a foundation problem (N) Nov. 30 *92
Flying crane proves out in flat terrain. Paul Mako Sept. 7 *62
French turn to 'barehand' technique (N) July 13 *96
Hoist speeds stringing of 477-MCM ACSR for Wisconsin Electric Power Aug. 10 *95
Industrial construction swings up: residential starts to fall Sept. 28 31
LILCO two 4,300-ft submarine cables sunk 5 ft deep in channel bottom. Bender & McBride (map) Sept. 14 *20
Lone guyed-V aluminum tower makes cross-over for Central Hudson G&E. David Wiese Aug. 10 *62
Lower tree section safely with t-snub. K. Smith Dec. 14 *116
Mobile equipment today – report. A.J. Stegeman (charts & tables) July 13 *75-94
Niagara Mohawk 'copter surveys 345-kv line through wilderness July 27 *72
1965 housing: More of the same Dec. 28 81
Preformed pipe insulation to 27½-in. dia meets startup deadline at Dallas P&L Oct. 5 *90
Public Service E&G spacer cable, reclosers stormproof 13-kv system. D.E. Hooper Nov. 30 *56
Replace pole arms easily Oct. 5 102
Sag transit gives quick check of span lengths for powerline project in Thailand. P.C. Evans (tables) Oct. 19 *112
Six transformers jacked to platforms at space-tight station of Consolidated Edison (N) Dec. 7 *36
Submarine cable links Puerto Rican islands. Negroni & Roberts (map) Oct. 26 *26
'Suitcase' saves on substation control Dec. 14 *90
3-hp hydraulic tool for baskets Aug. 10 *99
Trailer strings distribution line for Kansas G&E. Warren & Fulton Aug. 10 *94
'Tripod' simplifies UG/OH transition for Arizona PS Dec. 14 *90
URD achieves cost break-through for Southern California Edison. Lauder & Blankenburg Nov. 9 *23
US Steel's 'power styling' is for 'structural' renewal (N) Nov. 16 *144
Weather vane aids power planning for Niagara Mohawk Oct. 5 94
What's ahead in construction? Total work outlays will continue up. M.G. McGraw Dec. 28 *50
Wire stakes facilitate survey crew work at Gulf States Utilities Oct. 5 *94
Wisconsin Electric Power simplifies tapping of underground secondary. C.N. Peters Aug. 10 *96

CONTROLS

Coal trip automated: manpower cut at Carolina P&L's Louis V. Sutton Steam Plant. R.S. Pollock Sept. 14 *22
Computer-directed control set for '66 for Con Edison Nov. 2 *62
Electronic, remote control system (N) Nov. 2 *74
Florida P&L emergency supervisory channel saves. Pope & Lewis Sept. 28 *19
4-track recorder monitors substation loads. Charles Morrison Oct. 19 *111
Hydraulic mechanism operates high voltage switch station at Grant County PUD's Wanapum Dam. C.H. Cutter Nov. 16 *138
Laser offers lower-cost EHV current monitoring (N) Nov. 16 *147
Laser system monitors EHV current. E. Robert Perry Nov. 30 *72
On-line control computers are increasing. H.L. Smith Sept. 7 *56
Pertinence of spectral radiation to outdoor lighting controls. T.I. Marx (charts) Oct. 5 *58
Photoelectric controller uses 'flasher' concept. H. Shavel Aug. 10 *67
Photoelectric device ends dumper damage. J.L. Johnstone Dec. 14 *112
Programmed rail control system for captive train movement (N) July 20 36
Remote control cuts outage time for Philadelphia Electric. C.F. Bishop Dec. 7 26
Static inverter provides ac for critical load. E.J. Fitzmaurice Dec. 14 *67

COOPERATIVES

see also Rural Electrification Administration 9
Co-ops fight FPC regulation (N) Aug. 3 18
FPC jurisdiction over co-ops – hearings to begin (N) July 27 23
FPC weighs proposal to sell rural co-op (N) Oct. 19 99
Louisiana utilities file suit against co-op (N) Oct. 12 11
Regulation of rural co-op set for hearing in North Dakota (N) Nov. 2 101
REA considers increased interest rates (N) Dec. 21 11
Verendrye co-op investigated for anti-Goldwater mailings (N) Nov. 23 13

CORPORATE CHANGES

Line Material reorganizes into product-orineted groups (N) Dec. 28 *70
South Carolina PS Authority disapproves offer to buy Santee-Cooper development (N) Aug. 17 12

D

DISPATCHING

see Systems Engineering 10

DISTRIBUTION

CEI 33-kv reliability improved by arresters. R.H. Oerthel (tables) Aug. 24 *50
Distribution practices should have national, annual forum (Ed) Nov. 16 *7
15th annual electrical industry forecast 1965-1980. A.J. Stegeman (charts & tables) Sept. 21 *121
Houston L&P steel-pole feeders serve underground distribution. Gardner & Purser Jr. Aug. 3 *24
EEI T&D Committee meeting features line color and shape Nov. 30 *64
LILCO two 4,300-ft submarine cables sunk 5 ft deep in channel bottom. Bender & McBride (map) Sept. 14 *20
Ohio city ordinance prohibits overhead lines (N) Dec. 14 24
Optimize Hawaiian underground distribution. J.F. Richardson Jr. & others (chart & tables) aug. 10 *64
Pacific G&E offers cost estimates for underground (N) Oct. 26 19
Pacific G&E pie chart shows cost relationships for typical URD subdivision Nov. 30 *64
Pole-top configuration patent granted (N) Sept. 7 *67
Public Service E&G spacer cable, recloser stormproof 13-kv system. D.E. Hooper Nov. 30 *56
Ready-made stress cone signals faults. Lockie & Suelmann Sept. 21 *118
Tampa Electric's color styling improves overhead distribution. E.K. Nelson July 20 *24
Tampa Electric designs Plant City, Fla. distribution for eye appeal. Woodall & Marrone Nov. 23 *28
Total underground distribution is favored (N) Nov. 23 19
Trends in distribution – report. Julius Bleiweis (charts & tables) Nov. 16 *101-116
URD achieves cost break-through for Southern California Edison. Lauder & Blankenburg Nov. 9 *23

URD drive: key to lower underground costs (Ed) Aug. 17 ... 5
URD moves ahead in Southeast Dec. 21 ... *28
URD progress report at University of Texas – 17th annual Power Distribution Conference Dec. 14 ... 62
Underground distribution costs trimmed (N) Aug. 10 ... 166
VEPCO cleans pole top to improve operations. O.M. Tuck Dec. 7 ... *22
What's ahead in distribution? All-buried distribution holds promise. Julius Bleiweis Dec. 28 ... *48
Wisconsin Electric Power simplifies tapping of underground secondary. C.N. Peters Aug. 10 ... *96

E

EDUCATION

Engineering vs science: a philosophy engineers can use Sept. 21 ... 197
Free Germans open HV school lab (N) Nov. 2 ... *99
Self education urged for power engineers (N) Oct. 12 ... 12
University of Pittsburgh seeks larger pool of power engineers (N) Nov. 9 ... 18

EMPLOYEE TRAINING & WELFARE

see also Labor ... 6
Aerial bucket training part of large program at Commonwealth Edison Co Aug. 10 ... *108
Basket crew Esprit de Corp's is a must D.K. Wilson Aug. 10 ... 109
Develop constructive apprentice program at Electric Power Board of Chattanooga, Tenn. William Arrants Nov. 16 ... *142
Public Service E&G sales engineer teaches lighting in Thailand (N) July 27 ... 61
'Retired' transformers used for training. D.E. Gaiennie Dec. 14 ... *96
Sales and service personnel receive extensive training at Niagara Mohawk Dec. 14 ... *158
South Carolina E&G offers stock purchase-savings program (N) Sept. 28 ... 18

ENGINEERS

Demand for engineers is 'easing' (tables) Oct. 12 ... *31
Demand for experienced engineers drops sharply (N) July 13 ... 20
EEI to assist AID in recruiting personnel (N) July 6 ... 20
Engineering vs science: a philosophy engineers can use Sept. 21 ... 197
Toward better utilization of engineers! (Ed) Sept. 28 ... 5
University of Pittsburgh seeks larger pool of power engineers (N) Nov. 9 ... 18

EQUIPMENT PRICES

see Purchasing ... 8

EUROPE (CONTINENTAL)

Beloyarsk atom plant starts (N) July 13 ... *60
Cisler thinks Russia's power plans unchanged (N) Oct. 26 ... 12
Dutch market household packaging appliance (N) Sept. 21 ... 25
Europeans haggle over nuclear economics (N) Sept. 14 ... 11
France's 250-Mw EDF-2 nuclear station (N) Aug. 17 ... 12
Free Germans open HV school lab (N) Nov. 2 ... *99
French turn to 'barehand' technique (N) July 13 ... *96
Norway seeks loan for big hydro project (N) Dec. 28 ... 23
Russians tap big geothermal power source (N) July 20 ... 11
Sardinia/Italy dc link to use sea-ground return (map) July 13 ... *69
Sweden designing heavy-water turbine (N) July 20 ... 12
UN meeting hears nuclear progress reports J.H.M. Sykes Oct. 5 ... *48
UNIPEDE – European 'EEI' meets at Stockholm. J.H.M. Sykes Aug. 10 ... 56

EXTRA HIGH VOLTAGE (EHV)

'Art of EHV' exhibit attracts interest of patrons, public at Atlanta opening Nov. 2 ... *50
CIGRE studies growing pains of world's large power systems July 13 ... *62
Cornell EHV test achievements listed. L.I. Komives Nov. 2 ... *67
EHV art collection unveiled (N) Oct. 5 ... *68
EHV growth in US, NELPA topic at Banff meeting July 27 ... *62
EHV laboratory can test through 1,000 kv (N) Dec. 14 ... *72
EHV 'nesting-cone' insulators announced (N) Sept. 21 ... *138
EHV shunt reactors built in Belgium (N) Dec. 28 ... *68
EHV shunt reactors shipped to Canada (N) Dec. 14 ... *74
'Indirect' tests verify ratings of 500-kv CB's. R.G. Colclaser Jr. (charts) Oct. 19 ... 108
Keystone engineers see test (N) Sept. 7 ... *70
Laser offers lower-cost EHV current monitoring (N) Nov. 16 ... *147
Laser system monitors EHV current. E. Robert Perry Nov. 30 ... *72
New England has its first EHV line – CONVEX companies (map) Dec. 14 ... *61
Over-all performance, field tests determine 345-kv K-frame design for Northern States Power (charts & tables)
Weather data give electrical design criteria. Weber & Alexander Oct. 19 ... 104
Field tests confirm 345-kv structural design. M.W.Anderson Oct. 19 ... *106
Pace of EHV progress quickens. D.T. Braymer Dec. 28 ... *47
Relay testing facility studies EHV problems (N) Oct. 5 ... 72
SCEC 500-kv line – towers begin to rise in Arkansas (N) July 6 ... *20
735-kv disconnect switch for Hydro Quebec. H. Myers Nov. 16 ... *139

Hydraulic mechanism operates high voltage switch station at Grant County PUD's Wanapum Dam. C.H. Cutter Nov. 16 ... *138
Pad-mounted switches with cable terminators developed (N) Nov. 30 ... 76
Remote-control capacitor switching advanced (N) Aug. 31 ... *36
735-kv disconnect switch for Hydro Quebec. H. Myers Nov. 16 ... *139
735-kv disconnect switch – laboratory confirms design (N) Aug. 10 ... *139
Switch substation capacitor banks. G.S. Cannon July 20 ... *29
Westinghouse raises price on some metal-enclosed switchgear (N) Dec. 14 ... 26

SYSTEMS ENGINEERING

Central Illinois Public Service Co.'s new needs spur microwave system expansion. H.C. Wilson (table & map) Sept. 7 ... *58
Computer-directed control set for '66 for Con Edison Nov. 2 ... *62
Computer keeps tabs on new EDF plant near Paris. Liebray & Copin (tables) Aug. 24 ... *46
Electronic system speeds estimating of line extensions (N) Nov. 23 ... *36
Florida P&L emergency supervisory channel saves. Pope & Lewis Sept. 28 ... *19
High-count demand meter system prints output. Ensor & Jenks (map) Oct. 12 ... *28
Integrator gives hourly net system load at Iowa Electric L&P. Young & Meyer Aug. 10 ... *78
Iowa P&L launches program to study and apply modern management, control, and computer techniques to all phases of its business (N) Oct. 19 ... 99
On-line control computers are increasing. H.L. Smith Sept. 7 ... *56
Ready operations center for Colorado River plants. Kemp & Cummings (map) July 6 ... *24
Simplify updating of dispatch board. Frederick Steen Nov. 30 ... *70
Solid-state system gathers kwhr data (N) Sept. 14 ... *36
System set to monitor 281 analog inputs (N) Nov. 16 ... 149
Tele-processing to save $1-million. J.L. Braswell & others July 13 ... *70
University of Pennsylvania system science talks set for Oct. 15 (N) Sept. 21 ... 212

T

TAXES

Consumers Power Co asks court ruling on tax treatment (N) Aug. 3 ... 11
New Orleans PS to fight hiked city tax (N) Sept. 14 ... 13
Normalization or flow-through? A continuing controversy (table) Oct. 19 ... 149
North Dakota proposes new gross receipts' tax (N) Dec. 7 ... 11
Tax ruling on antitrust settlements handed down (N) Aug. 3 ... 14

TENNESSEE VALLEY AUTHORITY

Democrats pledge preservation of TVA (N) Aug. 31 ... 11
Filter keeps boiler drum clean during inspection Sept. 21 ... *120
Geared wrench makes removal of lug bolts easy Oct. 5 ... *104
Japanese firm wins hydraulic generator order (N) Oct. 5 ... 24
Judge rules TVA hasn't right to decide area (N) Sept. 28 ... 11
115-mile line to Memphis designed for 500 kv. A.C. Pfitzer Nov. 2 ... *58
Orders 1,100-Mw turbine-generator for $17.8-million (N) Sept. 7 ... 26
Photoelectric device ends dumper damage. J.L. Johnstone Dec. 14 ... *112
Replace pole arms easily Oct. 5 ... 102
SCEC 500-kv line – towers begin to rise in Arkansas (N) July 6 ... *20
Sand blasters can communicate Oct. 5 ... *105
Service area case decision due soon (N) Oct. 5 ... 21

TESTING & TESTS

ACAR 'shoot out' at Louisiana P&L (table) Oct. 5 ... *86
Analyzer gives quick check of metals (N) Nov. 23 ... *36
Body currents measured in live line work. H.L. Rorden & others Nov. 30 ... *60
British energize 800-kv test line (N) July 6 ... *21
Cable support proved on 600-ft test line (N) July 20 ... *36
Cable test set for Con Edison (N) July 20 ... *36
Commonwealth Edison field tests magnetic-tape demand meter (N) Aug. 3 ... 12
Conducters tested for Keystone Project (N) July 27 ... *78
Cornell EHV test achievements listed. L.I. Komives Nov. 2 ... *67
Cut testing time of multi-contact breakers. J.E. Blaska Oct. 5 ... *108
Duke Power cuts time for checking standard calibration. J.V. Leak Dec. 14 ... *106
EHV laboratory can test through 1,000 kv (N) Dec. 14 ... *72
Electrostatic-stress tests aid cable splicers. Dick Benesch Aug. 10 ... *94
Field test magnetic-tape demand meter Sept. 7 ... *61
GE bushing test exceeds industry standards (N) July 6 ... *38
GE test facility to study fast oxide reactor (N) Dec. 14 ... *74
'Indirect' tests verify ratings of 500-kv CB's. R.G. Golclaser Jr. (charts) Oct. 19 ... 108
Keystone engineers see test (N) Sept. 7 ... *70
Life test board developed for watthour meters. F.J. Levitsky Oct. 5 ... *114
Over-all performance, field tests determine 345-kv K-frame design for Northern States Power (charts & tables)
Weather data give electrical design criteria. Weber & Alexander Oct. 19 ... 104
Field tests confirm 345-kv structural design. M.W. Anderson Oct. 19 ... *106
'Over-the-road mobile lab covers scattered projects. F. Schleif Aug. 10 ... *71
Phantom load tests thermal meters. H.E. Siebert Aug. 24 ... *54
Programmed device cuts test time for oil circuit breakers (N) Oct. 12 ... *38
Relay testing facility studies EHV problems (N) Oct. 5 ... 72
Remote meter reading trial termed success (N) Sept. 28 ... *36
735-kv disconnect switch – laboratory confirms design (N) Aug. 10 ... *139
735-kv transformer tested for Quebec Hydro (N) Nov. 2 ... *72
Surge generator in new Westinghouse test facility (N) Oct. 26 ... *36
Tests prove 500-kv armor rods corona free. R.L. Reese (chart) Dec. 14 ... *68
Three tests check quality of silver plating. D.R. Goudelock Dec. 14 ... *102
Ultrasonic detector is versatile testing tool Oct. 5 ... *106
Van carries one-man meter test shop. E. Nolet Aug. 10 ... *78

TRANSFORMERS

Allis-Chalmers to supply Pacific Northwest EHV transformers (N) Dec. 7 ... 14
Colorful pole-type transformer 25% smaller (N) Aug. 3 ... *36
Connecticut P&L unit to bolster supply (N) Nov. 2 ... *76
Enameled-foil transformers offer flexibility. H.W. Book Aug. 24 ... *53
Equipment backlogs at new high (N, chart) Sept. 21 ... 106
First 500-kv transformer sent to VEPCO (N) Nov. 9 ... *36
Fluorocarbon gas used as transformer insulation. C.S. Collier (table) Oct. 5 ... *59
GE cuts some medium transformer prices (N) Aug. 17 ... 14
GE to furnish Keystone 500-kv transformers (N) July 20 ... 14
Georgia Power handles 250-Mva transformer without crane. Ray Morris Aug. 10 ... *104
Joliet station gets largest transformer (N) Nov. 30 ... *76
Load tap changing equipment at both ends of transformers (N) Aug. 17 ... *38
Prices increased on power and network transformers (N) Oct. 19 ... 26
Record backlog of power transformers on order (N) Nov. 16 ... *46
'Retired' transformers used for training. D.E. Gaiennie Dec. 14 ... *96
735-kv transformer tested for Quebec Hydro (N) Nov. 2 ... *72
Six transformers jacked to platforms at space-tight station (N) Dec. 7 ... *36
Westinghouse increases discount on power transformers (N) Nov. 9 ... *14

TRANSMISSION

Adjustable base assembly for tapered masts. Cedric Marsh July 13 ... *73
Body currents measured in live line work. H.L. Rorden & others Nov. 30 ... *60
CIGRE studies growing pains of world's large power systems July 13 ... *62
Canadian-US line report due soon Dec. 21 ... 23
Central Hudson G&E lone guyed-V aluminum tower makes crossover. David Wiese Aug. 10 ... *62
Commonwealth Edison – how utility tells its EHV network story (N) Sept. 21 ... *108
Commonwealth Edison's aluminum towers' collapse traced to vandalism (N) Aug. 24 ... 13
Commomwealth Edison's Chicago line – vandalism, storm bring down towers Aug. 31 ... *19
Con Edison's 345-kv substations rising on 7 sites. Griffin Jr. & Higbie (tables) Sept. 7 ... *50
Cornell EHV test achievements listed. L.I. Komives Nov. 2 ... *67
EEI wades into dc problems Nov. 30 ... 113
15th annual electrical industry forecast 1965-1980. A.J. Stegeman (charts & tables) Sept. 21 ... *121
Flying crane proves out in flat terrain. Paul Mako Sept. 7 ... *62
Guyed Y towers for 500-kv Canadian line. Cedric Marsh (table) Aug. 24 ... *52
Hamilton Falls power see **Hydro Stations**
Keystone engineers see test (N) Sept. 7 ... *70
Keystone Project – conducters tested (N) July 27 ... *78
MAPP study plans 5,956 Mw by 1980 (N) Sept. 21 ... 108
New England has its first EHV line – CONVEX companies (map) Dec. 14 ... *61
Niagara Mohawk 'copter surveys 345-kv line through wilderness July 27 ... *72
Northern States Power Co – design 69-kv substation and line in tubular steel. P.A. Millerbernd Sept. 7 ... *60
Northern States Power gas turbine cuts transmission line need (N) Nov. 23 ... 12
Over-all performance, field tests determine 345-kv K-frame design for Northern States Power (charts & tables)
Weather data give electrical design criteria. Weber & Alexander Oct. 19 ... 104
Field tests confirm 345-kv structural design. M.W. Anderson Oct. 19 ... *106
Pace of EHV progress quickens. D.T. Braymer Dec. 28 ... *47
Pacific Coast 500-kv ac interties – plans jell (map & table) Aug. 31 ... *26
Pacific Northwest-Southwest interties – organization formed to coordinate technical aspects (N) Oct. 5 ... 47
Peace River project – bid awards exceed $100-million for generation, transmission Dec. 7 ... *20
Peace River project – Italian firm to supply 800 towers (N) Nov. 30 ... 18
Peru taps hydro sites in high Andes (maps) Nov. 23 ... 24

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet.

Public Service of Colorado awards $3.6-million construction job (N) Aug. 31 ... 14
Public Service Co of Colorado uses 85-ft platform-lift for 'high' problems Aug. 10 ... *97
SCEC 500-kv line – towers begin to rise in Arkansas (N) July 6 ... *20
Sag transit gives quick check of span lengths for powerline project in Thailand P.C. Evans (tables) Oct. 19 ... *112
Sardinia/Italy dc link to use sea-ground return (map) July 13 ... *69
Submarine cable links Puerto Rican islands. Negroni & Roberts (map) Oct. 26 ... *26
TVA 115-mile line to Memphis designed for 500 kv. A.C. Pfitzer Nov. 2 ... *58
Tests prove 500-kv armor rods corona free. R.L. Reese (chart) Dec. 14 ... *68
12-sided single poles carry 760-Mva capacity line for New Orleans PS. Stumpf & Mouton (tables) Nov. 16 ... *94
Utilities form two coordinating groups – MAIN and CAPCO (map) Dec. 7 ... 19
WEST utilities plan $10.5-billion expansion (map) Sept. 28 ... 17

TURBINES

Fluid-metal MHD/steam binary cycle developed. Lawrence Prem (chart) Oct. 19 ... 110
Gas turbine provides emergency power for San Diego G&E Aug. 10 ... 84
Gas turbine-steam turbine combination expands utility system economically. Stephens & Baldwin (charts & table) Aug. 10 ... *58
Gas-turbine-supercharged cycle offers steam generator savings. Gorzegno & Zoschak (charts & table) Oct. 5 ... *54
GE creates special team to install, service gas turbines (N) Sept. 7 ... 68
GE raises discount, cuts boiler feed pump turbine prices (N) July 6 ... 14
Giant rotary-index machine mills blades (N) Dec. 28 ... *70
Jet-gas turbine package plant developed (N) Oct. 12 ... *38
Northern States Power gas turbine cuts transmission line need (N) Nov. 23 ... 12
Oklahoma G&E buys 56-Mw package gas turbine plant for $4-million (N) Sept. 14 ... 14
Special boring bar facilities turbine overhaul at Duke Power. W.F. Lark Nov. 30 ... *69
Sweden designing heavy-water turbine (N) July 20 ... 12
33½-in. last-stage bucket offers 1% heat rate improvement (N) Aug. 31 ... 36
Tougher alloy permits shorter rotors, offers cost savings (N) July 13 ... 96
Turbo/generator uses integral lp cylinder/condenser design July 27 ... *74
Westinghouse Electric's $2-million Machine tools turbine frames (N) Aug. 10 ... *139
Westinghouse gets $9-million Cape Cod turbine order (N) Aug. 24 ... 16
Westinghouse raises turbine prices by cutting discount (N) July 13 ... 22

V

VEHICLES

Aerial baskets discussed at SEE safety meeting (N) Oct. 19 ... 191
Aerial bucket training part of larger program at Commonwealth Edison Co Aug. 10 ... *108
Basket crew Esprit de Corp's is a must. D.K. Wilson Aug. 10 ... 109
Auger-crane rig proves versatility July 13 ... *74
85-ft platform-lift for 'high' problems used at PS of Colorado Aug. 10 ... *97
Five-part program reduces vehicle accidents at South Carolina E&G A.E. Kenrick Jr. (charts) Dec. 14 ... 114
Guard protects bucket controls. Howard & Edwards July 13 ... *74
Hoist speeds stringing of 477-MCM ACSR for Wisconsin Electric Power Aug. 10 ... *95
McCable-Powers Body Co expands facility for vehicular-equipment market (N) Oct. 19 ... *133
Mobile equipment beckons top management (Ed) July 13 ... 7
Mobile equipment today – report.
A.J. Stegeman (charts & tables) July 13 ... *75-94
New vehicles alter utility organizations line crews and supervisory concepts July 13 ... 76
Aerial baskets promote new pole top and substation configurations July 13 ... 78
Few utilities specify boom insulation July 13 ... 80
M&R trucks feature hydraulic equipment July 13 ... 81
Utilities specify a wide varity of aerial basket trucks July 13 ... 82
Here's what utilities say they want July 13 ... 84
Buckets trigger changes in crew size, vehicle upkeep. M.L. Frick Jr. July 13 ... 85
Aerial baskets reduce costs, increase safety. G.H. Carlin July 13 ... 87
'Team concept' needed for line work. Darden & Faust July 13 ... 88
Mechanized construction reshapes organizations. C.C. Crockett July 13 ... 90
'Transportation' is co-captain of vehicle selection team. T.J. Galligan Jr. July 13 ... 92
Training stresses safe, effective use of aerial buckets. E.J. Vander Veen July 13 ... 94
Molded glass-truck body is tested Aug. 10 ... *82
'Over-the-road' mobile lab covers scattered projects. F. Schleif Aug. 10 ... *71
Trailer strings distribution line for Kansas G&E. Warren & Fulton Aug. 10 ... *94
Truck stores transformer oil in rubber tank Aug. 10 ... *76
Van carries one-man meter test shop. E. Nolet Aug. 10 ... *78

VOLTAGE REGULATION

Regulators announced with standard ratings (N) Oct. 19 ... 140

COMPANY INDEX

Alabama Power Co – Simplify change from bolted to compression connections. J.A. Taylor Aug. 10 ... *74
Alabama Power System – Dusk-to-dawn lighting (N) Nov. 30 ... 107
Allis-Chalmers Mfg Co – EHV art collection unveiled (N) Oct. 5 ... *68
Laser offers lower-cost EHV current monitoring (N) Nov. 16 ... *147
Laser system monitors EHV current. E. Robert Perry Nov. 30 ... *72
Lists nuclear plant costs (N) Nov. 30 ... 18
Long motor life begins with assembly. R.C. Radtke Aug. 10 ... *88
Programmed device cuts test time for oil circuit breakers (N) Oct. 12 ... *38
Reaches contract agreements with union (N) Nov. 23 ... 14
Reports highest first-half volume in history (N) July 27 ... 26
To supply Pacific Northwest EHV transformers (N) Dec. 7 ... 14
Aluminium Ltd – Adjustable base assembly for tapered masts. Cedric Marsh July 13 ... *73
Guyed Y towers for 500-kv Canadian line. Cedric Marsh (table) Aug. 24 ... *52
American Electric Power System – Analysis leads to optimum generation reserves. Nagel & Vassell (charts) Dec. 14 ... 54
Body currents measured in live line work. H.L. Rorden & others Nov. 30 ... *60
Computer center expected to cut costs (N) Dec. 21 ... *36
Oyster Creek nuclear plant costs evaluated (N) Sept. 7 ... 23
President Cook deflates nuclear power (N) July 27 ... 24
Sporn gives JCCAE break-even point on coal (N) Aug. 10 ... 16
Sporn's nuclear economics disputed Sept. 14 ... *17
Sporn's Oyster Creek observations spark debate (Ed) Sept. 14 ... 5
Tubeless microwave to link AEP system (N) Sept. 21 ... *140
American & Foreign Power Co – Brazil signs contract to buy US utilities (N) Sept. 7 ... 24
American-Standard – Giant fans shipped for first 1,000-Mw unit (N) Nov. 30 ... *74
Anaconda Wire & Cable – Changes pricing policy (N) Sept. 21 ... 26
Anderson Electric Corp – Analyzer gives quick check of metals (N) Nov. 23 ... *36
Appalachian Power Co – Blue Ridge project to boost area economy (N) Nov. 9 ... *17
Flyash sampling: guide to better combustion. H.C. Skaggs Jr. Sept. 21 ... *119
Arkansas Power & Light Co – Management in sales – report. Support not enough – it takes leadership. W.M. Shepherd Aug. 24 ... 66
Studies coal vs gas economics (N) Dec. 7 ... 12
Arizona Public Service Co – Aerial baskets reduce costs, increase safety. G.H. Carlin (tables) July 13 ... *87
Interconnects with Reclamation (N) Sept. 14 ... 11
New 230-kv line permits paralleling at Glen Canyon for interconnection test between Arizona PS and Northwest Power Pool (N, map) Oct. 26 ... 17
'Tripod' simplifies UG/OH transistion Dec. 14 ... *90
Ateliers de Constructions Electriques de Charleroi – EHV shunt reactors built in Belgium (N) Dec. 28 ... *68
Atomic Energy of Canada Ltd – Canada discloses nuclear power planning (N) Nov. 9 ... 18
Canadians plan 1,000-Mw nuclear plant (map) Aug. 24 ... 39
Heavy-water reactor stressed at Canadian Nuclear Association July 6 ... 23
Atomics International – Fluid-metal MHD/steam binary cycle developed. Lawrence Prem (chart) Oct. 19 ... 110
Babcock & Wilcox Co – How utilities can figure nuclear fuel costs. D.G. Adler (tables) Sept. 21 ... *114
SCE orders two additional 3,500-psi boilers (N) Sept. 7 ... 70
Steam-cooled reactor under study (N) Aug. 17-14, Aug. 24 ... *40

Bailey Meter Co – System set to monitor 281 analog inputs (N) Nov. 16 ... 149
Three computers give automated control (N) Oct. 5 ... *65
Baltimore Gas & Electric Co – 'Driver' inserts soil-resistivity needles. R.J. Gallina Aug. 10 *82
Epoxy tape used in cable terminals. Betz & Lusby Sept. 28 ... *23
Basin Electric Power Co-Operative – System set to monitor 281 analog inputs (N) Nov. 16 ... 149
Bodendieck Tool Co – Gas-insulated jumpers bypass 69-kv switch without line outage Oct. 5 ... *99
Boston Edison Co – 'Transportation' is co-captain of vehicle selection team. T.J. Galligan Jr. July 13 ... *92
Brazilian Traction & Power Co Ltd – Brazil's power industry growth lags. L.D. Blachford (map) Aug. 10 ... *55
British Newfoundland Corp – Report due soon on Canadian-US line Dec. 21 ... 23
Burroughs Corp – Modular design permits expansion of computers (N) Sept. 21 ... 144

California Dept. of Water Resources – AEC backs converter nuclear plant (N) Oct. 5 ... 46
Canadian ASEA – Low bidder on dc current terminals (N) Dec. 21 ... 14
Canadian Westinghouse Co – Relay testing facility studies EHV problems (N) Oct. 5 ... 72
Capitol Electric Cooperative Inc – Regulation of rural co-op set for hearing in North Dakota (N) Nov. 2 ... 101
Carolina Power & Light Co – Carolina-Virginia companies form power pool. A.J. Skaale (tables & map) Aug. 17 ... 24
Coal trip automated; manpower cut. R.S. Pollock Sept. 14 ... *22
Offer to buy South Carolina Authority (N) Aug. 10 ... 15
Central Area Power Coordination Group – Utilities form two coordinating groups (map) Dec. 7 ... 19
Central Electricity Generating Board (Great Britain) – British energize 800-kv test line (N) July 6 ... *21
Turbo/generator uses integral lp cylinder condenser design July 27 ... *74
Central Hudson Gas & Electric Corp – Chemicals sought for tree control. Richard Abbott Dec. 28 ... *60
Lone guyed-V aluminum tower makes crossover. David Wiese Aug. 10 ... *62
Central Illinois Public Service – 'Matching fund' put to work to spur area development (N) Nov. 30 ... 54
Molded glass-truck body is tested Aug. 10 ... *82
New needs spur microwave system expansion. H.C. Wilson (table & map) Sept. 7 ... *58
Central Louisiana Electric – Files suit against co-op (N) Oct. 12 ... 11
Hurricane Hilda bowls over poles (N) Oct. 19 *98
Central Power and Light Co – Stainless steel tubes hold sea water coolant (N) Nov. 9 ... *36
Ceramaseal, Inc – New technique seals ceramic to aluminum (N) Aug. 10 ... *142
Chance, A.B. Co – Cable support proved on 600-ft test line (N) July 20 ... *36
Cincinnati Milling – Giant rotary-index machine mills blades (N) Dec. 28 ... *70
City Public Service Board, San Antonio, Tex. – 15-kv, secondaries plowed in simultaneously. J.L. Finger Dec. 14 ... *87
Cleveland Electric Illuminating Co – 33kv reliability improved by arresters. R.H. Oerthel (tables) Aug. 24 ... *50
Collier Construction Co – Flying crane proves out in flat terrain. Paul Mako Sept. 7 ... *62
Combustion Engineering Inc – Expansion in nuclear field is announced (N) Aug. 10 ... 142
Commonwealth Edison Co – Aerial bucket training part of larger program Aug. 10 ... *108
'Air-lift' trailers to boiler level Aug. 10 ... *96
Aluminum towers' collapse traced to vandalism (N) Aug. 24 ... 13
Field test magnetic-tape demand meter Sept. 7 ... *61
How utility tells its EHV network story (N) Sept. 21 ... *108
Joliet station gets largest transformer (N) Nov. 30 ... *76
Magnetic-tape demand meter field tested (N) Aug. 3 ... 12
Management in sales – report. They plan strategy and meet daily sales problems at Commonwealth Aug. 24 ... *56
Pelletized herbicide controls rural R/W. C.P. Aho Dec. 14 ... *136
Utility converts old dc site to 160-Mva network sub. Foss & Webb Sept. 7 ... *54

Vandalism, storm bring down towers on Chicago line Aug. 31 ... *19
Connecticut Light and Power Co – Huge unit to bolster supply (N) Nov. 2 ... *76
Consolidated Edison Co – After 23 hearings – a rate increase July 13 ... 111
Cable test set (N) July 20 ... *36
Canadian-US line report due soon Dec. 21 ... 23
Computer-directed control set for '66 for Con Edison Nov. 2 ... *62
Cornwall project – What more could one ask? (Ed) Nov. 30 ... 7
Giant fans shipped for first 1,000-Mw unit at Ravenswood (N) Nov. 30 ... *74
Gov. Rockefeller won't delay Storm King Mt. project (N) Dec. 21 ... 12
Microfilm and video speed customer information. A.N. Brown July 27 ... *64
Precipitator ordered for Ravenswood Nov. 9 ... *28
Six transformers jacked to platforms at space-tight station (N) Dec. 7 ... *36
Sophisticated communications, plus 'Trukveyor' optimize stores operations Nov. 2 ... *68
345-kv pothead design aids installation. C. Maguire Dec. 28 ... *65
345-kv substations rising on 7 sites. Griffin Jr. & Higbie (tables) Sept. 7 ... *50
Uses computer to speed purchases (N) July 6 ... 14
Work record facsimile transmitted for safety. R.M. Carpenter Aug. 10 ... *102
Consumers Power Co – Asks court ruling on tax treatment (N) Aug. 3 ... 11
Remote meter reading trial termed success (N) Sept. 28 ... *36
Training stresses safe, effective use of aerial buckets. E.J. Vander Veen July 13 .. *94
CONVEX – New England has its first EHV line (map) Dec. 14 ... *61
Cooper-Bessemer Corp – Jet-gas turbine package plant developed (N) Oct. 12 ... *38
Corporacion de Energia del Mantaro (Mantaro River Electric Power Corp) – Peru taps hydro sites in high Andes (maps) Nov. 23 ... 24

Dallas Power & Light Co – Preformed pipe insulation to 27½-in. dia meets startup deadline Oct. 5 ... *90
Desert Electric Cooperative – FPC weighs proposal to sell rural co-op (N) Oct. 19 ... 99
Detroit Edison Co – Cut testing time of multi-contact breakers. J.E. Blaska Oct. 5 .. *108
Electric pump for most manhole jobs. N.B. Nelson Oct. 5 ... *93
Floodlighting system brightens up bank (N) Aug. 10 ... *163
Fly ash plant in operation (N) July 13 ... 61
Frame simplifies use of rodding tape. Guiseppe Mazzara Dec. 28 ... *64
Levels workload on men and resources with CMP and MARS. Coombe & Baer Sept. 21 ... *110
Management in sales – report – A VP solves shrinking farm load. E.J. Hurley Aug. 24 ... *63
Plastic window saves repair trips. B.R. Klinger Dec. 14 ... *98
Protector 'safeties' pedestal edge. Houghton & Nelson Nov. 30 ... *72
Simplify updating of dispatch board. Frederick Steen Nov. 30 ... *70
Dow Corning Corp – New laboratory designed to study wire and cable (N) Nov. 16 ... 148
Dravo Corp – Bucket wheel stocker-reclaimer (N) Oct. 26-23, Nov. 2 ... 26
Duke Power Co – Billion-dollar power expansion disclosed (N) Oct. 5 ... 21
Buckets trigger changes in crew size, vehicle upkeep. M.L. Frick Jr. July 13 ... *85
Carolina-Virginia companies form power pool. A.J. Skaale (tables & map) Aug. 17 .. 24
Cut time for checking standard calibration. J.V. Leak Dec. 14 ... *106
NC Commission disapproves all-electric home promotion program (N) Aug. 3 ... 12
Offer to buy South Carolina Authority (N) Aug. 10 ... 15
Open secondaries easily with new device Oct. 5 ... *104
Special boring bar facilitates turbine overhaul. W.F. Lark Nov. 30 ... *69
Static power supply uses 15-kw inverters (N) Nov. 16 ... 148
10,000-Mw complex for North Carolina (N) Oct. 12 ... *22
Du Pont de Nemours, E.I. & Co – Fluorocarbon gas used as transformer insulation. C.S. Collier (table) Oct. 5 ... *59
Duquesne Light Co – Boosts generator output 81.5 Mw for $17 per kw. H.B. Wood (table) July 27 ... *70

East Central Nuclear Group – Steam-cooled reactor under study (N) Aug. 17-14, Aug. 24 ... *40
Ebasco Services, Inc – Electric utilities: How big the horizons? D.F. Garvin (charts) Oct. 26 ... 31
New forces affecting home energy sales Aug. 17 ... 31
Electric Power Board of Chattanooga, Tenn – Develop constructive apprentice program. William Arrants Nov. 16 ... *142
Electric Storage Battery Co – Static inverter provides ac for critical load. E.J. Fitzmaurice Dec. 14 ... *67
Electricite de France – Computer keeps tabs on new EDF plant near Paris. Liebray & Copin (tables) Aug. 24 ... *46
French turn to 'barehand' technique (N) July 13 ... *96
Electronics Associates, Inc – Computer plant installs heat-of-light system Sept. 21 ... *177
Eletrobras of Brazil – Signs contract to buy US utilities (N) Sept. 7 ... 24
English Electric Co – 735-kv transformer tested for Quebec Hydro (N) Nov. 2 ... *72
ESCO Manufacturing Co – Pad-mounted switch with cable terminators developed (N) Nov. 30 .. 76
The Estimatic Corp – Electronic system speeds estimating of line extensions (N) Nov. 23 ... *36
Ets-Hokin Corp – Gets $6.3-million transmission line order (N) July 20 ... 14

Fanner Manufacturing Co – Tests prove 500-kv armor rods corona free. R.L. Reese (chart) Dec. 14 ... *68
Fisher Pierce/Sigma Instruments Inc – Remote-control capacitor switching advanced (N) Aug. 31 ... *36
Florida Power Corp – solving a foundation problem (N) Nov. 30 ... *92
Florida Power & Light Co – Bird banishers reduce line damage Oct. 5 ... *101
Emergency supervisory channel saves. Pope & Lewis Sept. 28 ... *19
Hurricane Cleo hits Florida P&L hard (N) Sept. 7 ... 24
Modify flame rods to reduce maintenance. Lory Snipes Nov. 2 ... *69
Foster Wheeler Corp – Gas-turbine-supercharged savings. Gorzegno & Zoschak (charts & table) Oct. 5 ... *54

G&W Electric Specialty Co – 345-kv pothead design aids installation. C. Maguire Dec. 28 .. *65
Gas & Electric Department of Holyoke, Mass. – Unveils 10-Mw gas-jet peaking power installation (N) Nov. 2 ... 72
General American Transport – "RRolway" electric train would speed auto travel (N) Nov. 2 ... *49
General Electric Co – Antitrust settlements (N) Aug. 10 ... 18
Appeals NLRB decision (N) Dec. 21 ... 14
Bushing test exceeds industry standards (N) July 6 ... *38
Circuit closer ready for meter sockets (N) Aug. 24 ... *72
Colorful pole-type transformer 25% smaller (N) Aug. 3 ... *36
Computer producing electrical designs (N) Nov. 16 ... 149
Contract for eleven 345-kv breakers (N) Sept. 21 ... 26
Contract for Keystone 500-kv transformers (N) July 20 ... 14
Electronic, remote control system (N) Nov. 2 ... *74
GE, IUE mediators seek solution to piecework pay rates (N) July 13 ... 22
High-count demand meter system prints output. Ensor & Jenks (map) Oct. 12 ... *28
Insulating tape virtually eliminates damage from corona (N) Dec. 28 ... *68
LOAD magazine to be incorporated in "Electrical World" (N) Aug. 3 ... 12
New offices show advanced lighting techniques (N) Dec. 28 ... *90
New transistorized FM two-way radio developed (N) July 27 ... *80
Nuclear power drives energy costs down. G.J. Stathakis (charts & tables) Oct. 5 ... 50
Oklahoma G&E buys 56-Mw package gas turbine plant for $4-million (N) Sept. 14 ... 14
Oyster Creek contractual obligations outlined (N) Oct. 26 ... 11
Oyster Creek nuclear plant costs evaluated (N) Sept. 7 ... 23
Plans $15- million nuclear fuel recovery facility (N) Sept. 14 ... 14
